

## Myo-Cyte Plus Anti-Wrinkle Serum

A unique anti-wrinkle, multi-peptide serum that dramatically reduces wrinkles in areas of expression using a formulation that stimulates collagen production and inhibits muscle contraction to smooth the appearance of fine lines and wrinkles.

Our product contains high percentages of the most effective anti-aging peptides available on the market.

### Key Ingredients

Palmitoyl Pentapeptide (Matrixyl™): Helps stimulate collagen synthesis and elastin similar to the action of retinol without the irritation

Palmitoyl Pentapeptide-3 (Matrixyl 3000™): Helps repair damaged tissue

Acetyl Octapeptide-3 (Snap-8): Reduces depth of wrinkles caused by contraction of muscles

Acetyl Hexapeptide-30 (Inyline): Reduces depth of wrinkles caused by contraction of muscles

Hyaluronic Acid: Hydrates skin by occluding moisture and a natural muscle relaxant with anti-inflammatory properties

L-Proline: Essential amino acid that is required to make collagen fibers

L-Carnosine: Essential amino acid that has anti-glycation properties

L-Threonine: Anti-oxidant stabilizer

L-Glycine: Building block of collagen formation

Passion Flower Extract: Contains three powerful muscle relaxants that are effective in smoothing wrinkled skin. It also acts as an anti-inflammatory and antioxidant agent.

### Indications

Great for all skin types

Effective for reducing fine lines and wrinkles caused by muscle contraction in areas of expression

Anti-oxidant, anti-inflammatory and hydrating

### Suggested Use

Use daily, applying after Vitamin C Reversal Serum, prior to Light Day Cream and Night Time Repair. Recommended to use morning and evening applying to areas of fine lines and wrinkles caused by muscle contraction. This product can be used anywhere on the face other than the eye lid.
